Doug

Sorry for not getting back to you, leaving in the AM for a wedding in Anguilla, 2 trips in 30 days, not use to this. We are usually lucky to have 1 trip a year. On top of it I deleted your email by mistake.

Don said it would be alright with him for the Arizona presentation, even though it has been published in the NRG Journal.

As far as the Museum photos, he would prefer for you to delete that. Anyone wants photos of anything from the museum they would have to contact him directly.

THanks, hope to see you at the NRG conference in August

Jeanne

Hello Doug,

Sorry to keep you waiting for my answer. Health problem disturbed me the last week (Don may explain you) and I couldn't do anything. As far as I am concern there is no problem to publish my conference in SMA newsletter. All the copyrights belong to me.

Once again I would to thank all the members for the wonderfull welcome we receive in the exhibition and conference. No doubt we will come back to the next one.

Best regards Michel

Friends, In past conferences, we provided attendees with printed presentation notes in a ring binder. These were a lot of work and expense in the past, so we chose to avoid them this time. If we can post WSMC&E presentations on the SMA site, it might be a reasonable compromise. As I mentioned to some of you during the conference, I'd like to explore the possibility of capturing your WSMC&E presentations on the SMA web site. The web site has a Research Room where we are trying to build a home for useful information about ship modeling techniques that doesn't always have a home elsewhere. You can check-out the Research Room here (<http://shipmodelersassociation.org/research.html>). The Research Room supports keyword

searching, and we can arrange for all of posted presentations to be found by a single search key (probably “WSMC&E”), by your name, and by relevant keywords. I know that some of you may have copyright or other client/employer information issues that would need to be considered before we might post your presentation. I am not interested in creating problems for any of you with this idea, so if you think may have these sorts of problems (or if you simply don’t want to post your presentation) please let me know. I won’t post anything until I have your permission to do so in an email. If small edits (like deleting a slide or two) can make your presentation presentable, we can easily accommodate these as well. We can also restrict availability of your presentation to current SMA members only, if you’d like. Please let me know if you’d like to have your presentation posted on the SMA web site. If you’d like to discuss in person, feel free to call me at (949) 689-7316 or (949) 644-8495. Thanks very much for considering this idea and for your great contributions to a successful WSMC&E conference! Best,Doug Tolbert
